

LEARN TO RACE

A program for **ages 7 – 10** as of January 1, 2009. For this program children **must be parallel skiers and comfortable on all blue terrain.**

This ten-session program is for those wanting to develop and improve basic skills for skiing and racing. The primary emphasis is on having fun and learning rather than competition. Two races will be held at Park City so there will be some gate training, however your child will be learning to become a better skier. It is important for this to be a fun learning experience.

Learn to Race is staffed by specially selected instructors from the Park City Ski and Snowboard School. These instructors are selected for their enthusiasm, knowledge, and skills in working with young skiers. Each skier will be assigned to a group and these groups will stay together throughout the program.

The program runs ten Saturdays from 9:15am to 3:00pm. Groups break for lunch under the supervision of the instructor. Parents are responsible for their child's lunch and transportation.
