

# **COVID-19 Risk Briefing & Acknowledgment**

**This briefing is intended to inform you of the potential COVID-19 risks associated with participating in Harnessed Activities, including but not limited to: Legacy Launcher, Climbing Wall, Kids Ropes Course and Zipline, ZipRider. At the end of this briefing, you will be asked to verbally confirm you have read and understood this information and wish to continue to participate in this activity.**

**Due to normal required safety procedures of this activity, you will encounter the following:**

1. Sanitizing hands prior to putting on and taking off harnesses.
2. Due to manufacturer limitations, certain equipment will not be cleaned or sanitized between each use. This includes harnesses, trolley backpacks, helmets, rope equipment, and fabric handles.
3. Situations where masked staff will be required to come into close contact (closer than six feet or two meters) to complete proper safety checks, assistance, or rescue operations.
4. Situations where you may be less than six feet from guests not associated with your party.

**To mitigate these risks, we ask that you please consider the following questions. If any of these apply, we ask that you please opt out of participating in any on-site activities today:**

1. Do any participants have a fever greater than or equal to 100.4 F or 38 C?
2. Do any participants have any of the following symptoms, not due to a known health condition: new or worsening cough, fever, sore throat, difficulty breathing, new or severe headache, new loss of taste or smell, new fatigue and/or muscle or body aches that are not normal for you with exercise or altitude, vomiting or diarrhea, runny nose or congestion that is not normal for you?
3. Have any participants tested positive for COVID-19 in the past 10 days?
4. Have any participants had contact with a confirmed or possible case of COVID-19 within the last 10 days (or 14 days for Whistler Blackcomb guests)? Close contact is being 6ft (2m) or closer for more than 15 minutes with a person. (two week after second vaccine in two does or two weeks after single individuals are exempt from this)
5. Have any participants traveled internationally or domestically in the last 10 days (or 14 days for Whistler Blackcomb participants) and public health requires quarantine following travel?
6. Are any participants currently under direction from public health or medical professional to quarantine or isolate because of concerns of COVID-19?

**At this time, if you or any of the participants in your group have concerns about the way we are operating or you answered yes to any of the health question we would ask that you do not purchase tickets and opt out of participating in Harnessed Activities at this time.**
